Read all instructions before beginning

Sewing instructions:

- With right sides together and the batting on top stitch around the mat leaving a 4-inch opening for turning.
- Turn mat right side out.
- Stitch opening close
- Go inward 2 inches and stitch around the inside. This will make the sides go up a little, which kittens love... and stitch a "X" across the center. This will keep the batting in place when the mat is washed. *For some it may be helpful to mark the top fabric before stitching together. If so mark 2 ½" around to allow for the seam allowance.*

Cat mats will be given to the Southside SPCA through Rose R. The mats go with the kittens (cats) to their new home.

Please hand in your charity hours at your Neighborhood Group Meetings for your time making these mats. Thank You
