IT'S A WRAP!

This softly draped wrap has three pattern pieces! A back yoke extends through the shoulder creating a sleeve-like appearance, covering the upper arm. The back yoke not only provides support at the neckline and garment body but creates design opportunities using embroidery or contrast fabric. The front and back of the garment drapes to fullness at the hemline to flatter any silhouette. One size fits most! **Instructor is Val Saholsky.**

Suggested fabric: woven or knit with soft hand and drape. Fabric should have a nice appearance on both sides. Rayon challis, soft cotton blends with drape, Sofia knit, rayon blends and some knits. Fabrics with one way designs or plaids - allow extra yardage. If washable, launder and press your fabric prior to class

Fabric Yardages: 60" wide fabric - 2 yds
45" wide fabric - 2 1/2 yds
